

## ADVANTAGES

- Interchangeable exhaust door with or without prefilter
- Robust fully welded construction for durable reliability and tightness
- High corrosion protection against decontamination agents
- Toolless door operation for immediate filter access
- Toolless filter change for both HEPA and prefilter
- Built-in filter scaling option

<b>Application</b>	Turbulent airflow in cleanrooms and other controlled environments, for wall installation.
<b>Installation Options</b>	Universal mounting system for wall compression mounting, optional quick clamping kit and duct adapter rectangular-to-circular.
<b>Comment</b>	<p>Construction: Steel, fully welded                      Finish: Decontamination resistant double-layer powder coat                      Standard color RAL 9010 (SW) or custom RAL                      Option: Stainless steel SS 304 (S4) or SS 316L (S6)                      Filters PU: MEGALAM MD(66mm)/(78mm)/MX(90mm)/MG(110mm)                      Control equipment: Room side accessible ports for downstream pressure, plus +/- secondary ports for remote pressure drop reading                      Available in open plenum version                      For more information about compatible filters and air diffuser front plates, see the relevant product pages</p>

For the full standard product scope, see Customer Drawing downloads on the website.
